OFFICE OF DR. LIBERTY I. NOLASCO

To : OLGA C. ALONSABE
Schools Division Superintendent (OIC)
Department of Education
El Salvador City
PHILIPPINES

Dear SD Superintendent ALONSABE

Greetings of peace!

Governometrics Management Consultancy Services is your youngest but most dynamic consulting partner from the Philippines. Governometrics specializes in formulating homegrown executive, business, and advocacy solutions for issues of capability, quality and significance applicable to the contexts of education, industry and development sectors.

Foremost, allow me to thank DepEd Division Offices for the dissemination of our invite to school constituents for the launch of our executive leadership service programs in May 2021. I learned about the matter when I came across the pertinent online information in July 2021. I hope and pray that your community will support us once again in the second launch of the said programs in 2022.

For the forthcoming events of Governometrics, I am inviting your school constituents - particularly, their academic, research and student communities, to our global conferences in January 2022. *Join us* for the 2nd Advancements and Top of Mind International Conference (17-21 January 2022) and the 1st Governometrics Junior Researchers Global Conference (24-28 January 2022) via zoom online!

The history and conference rationale, conference themes, thematic areas of inquiry, program structure, payment and facilities, and other instructions are indicated in our invitational catalogue and submission guidelines. These two documents are found attached to this email as well.

The deadlines for regular registration for the 2nd A.T.O.M.I.C. is on 10 January 2022 (early bird by 15 December 2021) and for the 1st Governometrics JR GC on 10 January 2022. Given the need to validate several details regarding participation and paper presentation, early registration is greatly encouraged. Please find below these important registration links:

- 2nd A.T.O.M.I.C. - <https://governometrics.com/scheduled-events-1/>
- 1st Governometrics JR GC - <https://governometrics.com/scheduled-events-2/>
- Explainer video on the use of registration forms - just click the video found in any of the links given above.

In case your school constituents need more information about Governometrics, they may visit the following sites:

- Governometrics website, your new home by December 2021
 - <https://governometrics.com/>
- FB site of Governometrics: [governometrics.ph](https://www.facebook.com/governometrics.ph)
- FB site of Humanity: [humanity.governometrics](https://www.facebook.com/humanity.governometrics)
- FB site of Mind Governance: [mindgov.governometrics](https://www.facebook.com/mindgov.governometrics)
- To inquire, email: partners@governometrics.com

Immediately below this email, they can also read the summary notice of all the events of and developments about Governometrics. I just have to beg the indulgence of your office as some pages and sections of our website are still undergoing development. More than half of the pages though are accessible and finalized. Rest assured as well that the registration sites had completed a 6 month testing period to attain 100% functionality, reliability, and security to date.

The final program for the two conferences will be made available to all registering participants, paper presenters, and sponsoring offices upon the 3rd and Final Call for Participation and Presentation (late registration phase) on 12 January 2022.

Let us know how else we could serve your school constituents further via our annual research conferences and quarterly national conferences.

We look forward to having your school constituents pioneer with us, with respect to the launch of the long term global agenda for thought leadership and futures thinking, at least for a much strengthened South-South development agenda, to be actualized by Governometrics and its participants in these two historic events in 2022, taking off from what 50 people started in December 2020.

Thank you and stay safe!

len
